PROFESSIONAL SUMMARY

I am a creative and analytic Front End Web Developer with over two years of focused learning and practical experience in designing and developing responsive, intuitive websites. Experienced in HTML5, CSS3, JavaScript, and React, with hands-on expertise in frontend tools like Webpack, Tailwind CSS, Bootstrap and Sass, Skilled in version control (Git), cross-browser compatibility and responsiveness, Committed to improving website speed and efficiency to enhance seamless user experience, learning more skills and improving skills daily.

COMPANY EXPERIENCE

CAKKIE FOODS, Akwa-Ibom — *Frontend Developer Intern*

NOVEMBER 2024 - FEBRUARY 2025

- Collaborated closely with **UI/UX designers**, backend developers, and frontend developers to deliver high-quality features, ensuring smooth integration between design, development, and backend systems.
- Implemented key features such as the **Explore Page** and **Notification Page**, including interactive elements like **swipe-to-read/unread** notifications and real-time updates based on user activity, improving user engagement.
- Quickly learned and effectively applied **TypeScript** and **Tailwind CSS** to enhance development efficiency, maintain consistent design standards, and deliver modern, responsive web applications.
- Maintained a strong focus on writing **clean, modular, and well-documented code**, making the codebase easy for team members to understand, debug, and update.
- Integrated **RESTful APIs** to fetch and display real-time notifications, ensuring a seamless, dynamic user experience throughout the application.
- Provided daily project updates through demos, facilitating clear communication with stakeholders and ensuring alignment with deadlines and objectives.
- Consistently met deadlines, demonstrating strong **time management** by promptly notifying supervisors about delays and providing solutions to mitigate project impacts.
- Successfully delivered project deliverables while working remotely, leveraging **collaboration tools** to stay aligned with the team and meet project goals.

VALUEKLIP, Lagos — *Frontend Developer Contract*

DECEMBER 2024 - JANUARY 2025

- Collaborated with **UI/UX designers** and a team of frontend developers to design and develop a visually appealing and responsive website, ensuring alignment with the project's goals and design specifications.
- Designed and implemented dynamic animations, such as a **navbar rotation animation** and a **slide-down effect** for navigation items, enhancing interactivity and improving the user experience.
- Developed key sections of the website, including the **Homepage**, **About Page**, **Community Page**, and **SLG Page**, using **HTML**, **Sass**, and **JavaScript**, ensuring functionality and aesthetic consistency.
- Ensured the website was fully **responsive**, optimizing it for seamless performance across all devices, including desktops, tablets, and smartphones.
- Maintained **clean, modular, and well-commented code**, making it easier for colleagues to review and update code.
- Delivered the project within a **strict five-day deadline**, quickly addressing feedback and incorporating corrections to meet quality standards.
- Worked remotely, utilizing effective communication and collaboration tools to provide regular updates and ensure the project's timely completion.

CERTIFICATIONS

- HTML Fundamentals - Caddy** July, 2024
 - Gained a strong mastery of **HTML fundamentals**, including semantic HTML, forms, tables, and structuring web content effectively.
- Responsive Web Design - freeCodeCamp** July, 2024
 - Developed proficiency in creating **responsive web designs** using modern CSS techniques, including **CSS Grid** and **Flexbox**, to build layouts optimized for various screen sizes and devices.
- JavaScript (Basic) - Hackerrank** July, 2024 | [Link](#)
 - Demonstrated experience in **JavaScript ES6+**, including modern features such as arrow functions, promises, and destructuring, enabling efficient and modular programming.
- CSS (Basic) - Hackerrank** July, 2024 | [Link](#)
 - Proficient in **CSS3**, with experience in styling, animations, transitions, and layout techniques to enhance user interfaces and web aesthetics.
- SQL (Basic) - Hackerrank** July, 2024 | [Link](#)
 - Acquired foundational skills in **SQL**, including writing queries to retrieve, manipulate, and analyze data from relational databases.
- Python (Basic) - Hackerrank** July, 2024 | [Link](#)
 - Built a solid foundation in **Python programming**, including core concepts like data structures and algorithms.
- CS50x - Introduction to Computer Science - Harvard University** Dec, 2024 | [Link](#)
 - Relevant Coursework: Python, Jinja, Django, C, SQL, Memory, Flask, HTML, CSS, JavaScript, Algorithm, Data Structure.

SKILLS

Languages

- HTML5
- CSS3
- JavaScript
- Python
- SQL

Frameworks/Libraries

- React Js
- Bootstrap
- Tailwind CSS
- Sass
- Webpack

Tools

- Git
- Npm
- Wordpress

Other skills

- Responsive Design
- Debugging
- API Fetch
- Cross-browser Compatibility

Soft skills

- Growth mindset
- Creativity
- Analytical
- Communication skills
- Critical thinking

LANGUAGES

- English
- Yoruba

EDUCATION

CS50x - Introduction to Computer Science - Harvard University, Dec, 2024 | [Link](#)

Bachelor of Science in Computer Science - University of Ibadan, 2023-2028
