## PROFESSIONAL SUMMARY

I am a creative and analytic Front End Web Developer with over two years of focused learning and practical experience in designing and developing responsive, intuitive websites. Experienced in HTML5, CSS3, JavaScript, and React, with hands-on expertise in frontend tools like Webpack, Tailwind CSS, Bootstrap and Sass, Skilled in version control (Git), cross-browser compatibility and responsiveness, Committed to improving website speed and efficiency to enhance seamless user experience, learning more skills and improving skills daily.

## COMPANY EXPERIENCE

**CAKKIE FOODS**, Akwa-Ibom — *Frontend Developer Intern*

**NOVEMBER 2024 - FEBRUARY 2025**

- Collaborated with the UI/UX designers, backend developers and other frontend developers.
- Implemented the explore page and notification page with notifications and the notification swipe to read and unread.
- Learned typescript and tailwind CSS on the job and utilized them well.
- Maintained clean and readable codes and well commented to make it easier to understand.
- Made use of the API for the notification details.
- Demo progress on project daily to notify on the project progress.
- Met the deadline and if I couldn't I notified my superiors ahead of time and told my superiors the reason.
- Worked Remotely.

**VALUEKLIP**, Lagos — *Frontend Developer Contract*

**DECEMBER 2024 - JANUARY 2025**

- Closely collaborated with the UI/UX designers and other frontend developers to create the website.
- Implemented the navbar rotation animation and the slidedown animation for the nav items.
- Made the website responsive across all devices.
- Created the Homepage, About page, Community page and Slg page
- Used HTML, Sass and Javascript to create the website from scratch.
- Maintained clean and readable codes.
- Completed the project under a strict deadline of 5 days with corrections.
- Worked Remotely.
